

BASIL AND CHARD (TWO FRIENDS)

Third graders made this story (PRIMARY SCHOOL MARČANA, DEPARTMENT LOBORIKA): Julijan, Ema, Mauro, Manuel, Emily, Sara, Lean, Rafael, Antonio, Aurora, Matej, Mihaela, Lara, Gabriel, Katarina and their english teacher Neda Vošten helped them. It is a story about two plants (basil and chard) who became true friends.

Enjoy the story!

Basil: Oh, good morning dear neighbour!
What's your name? I'm Basil.
Chard: Good morning! My name is Chard.
Nice to meet you!

B: Where are we now? I can hear some kids here.

C: We are at the school, Primary School Loborika.
Children say that they are going to plant us both in
their school garden. I think it is great!

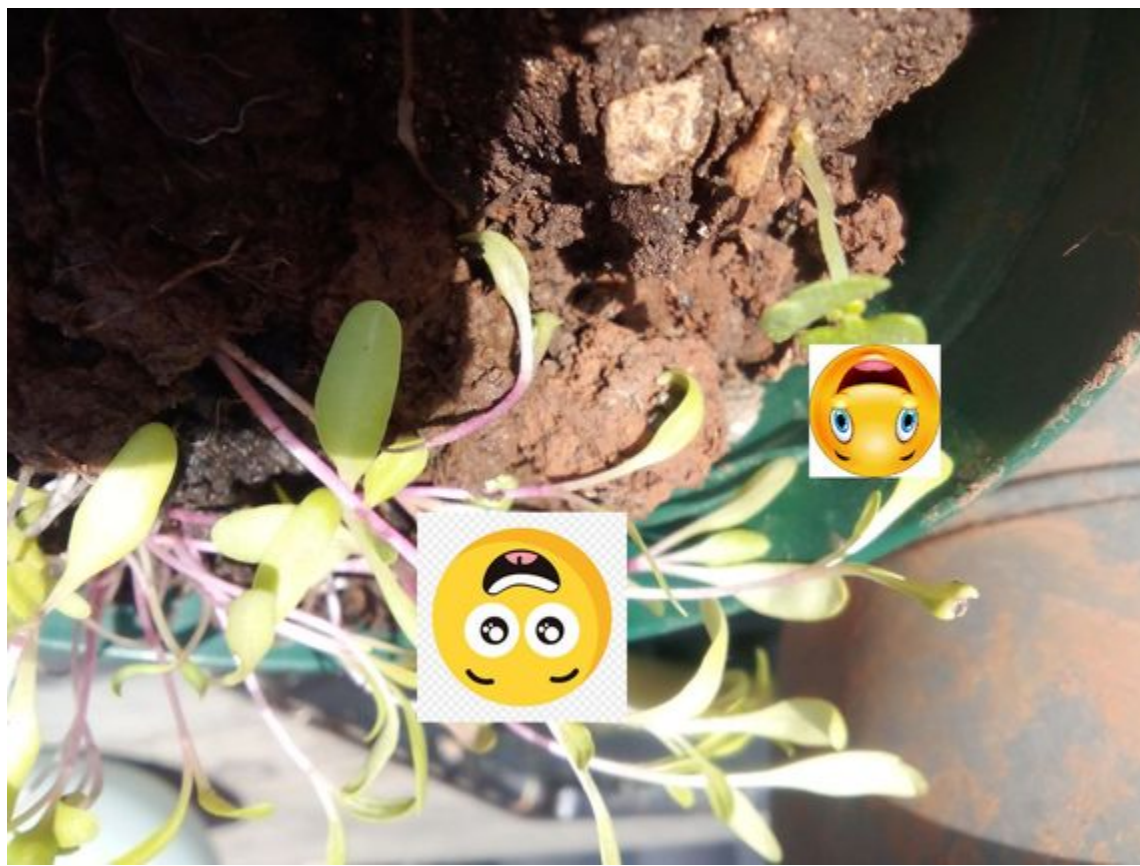

B: How tall are you? I am 2 centimeters tall today. You have really beautiful leaves.

C: Thank you dear Basil. I am 4 centimeters tall today. Your green colour is amazing.

C: I like this place. Children are laughing, singing and playing. It is a happy place.

B: Yes it is! They took some photos of us yesterday. I heard that they are going to write a story about us.

B: Oh we are upside down! Something is going on!

C: Don't worry! Third graders said that they are going to plant us in the school garden. Our friendship will last forever!
